

## **Rob Haney letter to Precinct Committeemen of Maricopa County:**

It has been my honor to serve as your Maricopa County Chairman these past two years. I am running for reelection and ask for your vote on Jan 8, since the job of implementing the grassroots conservative message remains ongoing. My political ideology has not changed since 1964 when as a student at Penn State I backed Barry Goldwater for president.

Unity in the Republican Party must be based upon support of Constitutional and Republican Platform principles of limited government or we become but a wing of the Democrat Party. As precinct committeemen (PCs), we do not lose our first amendment right to free speech in advocating for or against political policies. This is especially true when a policy proposed by a Republican Representative is clearly in opposition to the Constitution and is opposed by the majority of Republicans.

### **During the last two years while I served as your Chairman we have:**

- Increased Maricopa County Republican new voter registrations by 59,212
- Under the direction of Executive Director Tom Husband and Member-at-large Dan Schultz, increased Maricopa County Republican PC rolls by 40% from 2,079 to 2,884 which helped fuel the massive and historic Republican victories of 2010
- Closely monitored expenses and operated on a sound financial basis
- Provided resources by which PCs could receive a concealed carry permit
- Provided resources by which PCs could receive training in Founders' Principles and the meaning of the Constitution
- Provided line-by-line Maricopa County Republican Committee Bylaws training for District Chairmen elected in 2008
- Provided hard copy Republican Platform booklets for fund raising & PC education
- Provided website where PCs could obtain copies of the County and State Bylaws
- Provided County Office service through the volunteer office staff directed by Karen Thomas
- Provided County Briefs and Events Calendar through the volunteer talent of Communications Director, Frosty Taylor
- Provided GOP County website service through the volunteer talent of Kevin Myers
- Provided voting ballot and computer tally services at a significantly reduced cost for District Reorganization Meetings through the volunteer talent of George Teegarden
- Established working relationships with TEA Party organizations to encourage their enthusiastic participation in the Republican Party
- Provided PC training when it was not available in the Legislative Districts
- I walked precincts in LDs 23 (Avondale, Tolleson) & 25 (Tonopah) recruiting PCs and district officers where they never before existed, aiding in Republican upset wins in 2010.

### **Rob Haney BIO**
